REFERENCE(S)

☐ ☐ PBCHORD Security Officer, has requested that the following information be passed to Berlin for the purpose of recording in connection with Berlin Base LCFLYER plans.

"Identity A is employed by QKACTIVE and assigned in Berlin as a check-point evaluator. His immediate supervisor (Identity B) states that Identity A is an essential worker and further, as a former Soviet national, he would be subjected to reprisals by the Soviets in the event of hostilities.

"In conjunction with LCFLYER plans of QKACTIVE, and acting under the instructions furnished us by EUCOM, it is requested that efforts be made by Berlin Base, through the military mission in Berlin, to insure that Identity A will be included in LCFLYER plans, when and if the time arises. The authority granted us by EUCOM states that our essential employees and stateless persons should be afforded the same consideration in such matters as ODIBEX civilians. Since Identity A is unwitting of any KUBARK interest in QKACTIVE, however, it is being left to the discretion of Berlin Base to work out the details with the military authorities for Identity A's removal in event of emergency."
